International Money Machine. The entire property and assets of the International Money Machine Company were sold in 1923 under an order of the District Court of the United States for the Eastern District of Pennsylvania. The proceeds of the sale were used for the payment of the expenses of the receivership, taxes and other preferences, and for the payment of a small dividend to unsecured creditors. There were not sufficient funds to make any distribution to stockholders. The company had no bondholders. All of the funds were distributed in accordance with the confirmed report of the special master appointed by the District Court.

International Munitions Company. This company was organized to deal in munitions and its only operations were of an experimental nature. There were hopes that, due to several patents filed, contracts would eventually be let whereby a royalty would accrue to the International Munitions Company. This, however, never transpired. While there are several patents assigned to the International Munitions Company, we are informed they are of no value, and since there are no physical assets, either property or machinery, we consider the capital stock of the International Munitions Company of no value.

International Signal Company.	Incorporated 1905 in Arizona to promote the "Webb Automatic Train Stop" and automatic signal device that apparently has good merits. Mr. Webb, Jr., and his father, now deceased, have the controlling interest in the stock of this company, and have invested something like $500,000 in its promotion. It is in its experimental stage and until the Interstate Commerce Commission and the railroads accept this device and install it, the stock has practically no value. The only assets the company has is its 70 or more patents. They suppose in time the device will be used on all railroads. It is hard to tell what the railroads will do. They value human life very cheaply, and find it is cheaper making settlements than spending a huge sum of money installing an expensive signal device. In view of the above it is the deponent's belief that the stock has no more than a nominal value, if any, at the present time.

International Ticket Company. Par value $100. This stock is unlisted and has no market value. We understand from Mr. Charles Manshell, president of the company, that the stock will bring from 50 to 60 dollars per share as some stockholders will always pick up odd amounts of stock at these prices. We believe that $50 is a fair price as of June 20, 1928.

Interstate Gasoline Company.	Incorporated under the laws of Delaware. On September 13, 1924, this company was placed in the hands of receivers. We are advised that the receivership is about wound up and nothing will be paid on the capital stock of the company. It is therefore the deponents belief that the stock is valueless at the present time.

Interstate Petroleum Co.	This company was incorporated on November 11, 1891, with its Domicile at Jackson, Miss. While this company has not taken the legal steps to have its charter dissolved, the Secretary of State is sure it has long ago ceased to operate.	
Interstate Petroleum Company.	Incorporated in South Dakota about 1901. We do not find any trace of the company for a number of years and believe it has gone out of existence. In 1922 its charter expired by limitation. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Invader Oil Corporation.	Incorporated — Delaware, June 1, 1920. Officers—L. C. Butler, Pres., Muskogee, Okla.; D. M. Orr, Vice-Pres., Muskogee, Okla.; J. L. Kimmel, Secy., Muskogee, Okla.; L. C. Butler, Treas., Muskogee, Okla. On April 24, 1929, C. J. Hunt of Room 401 Muskogee National Bank Building, Muskogee, Okla., P. O. Box 1322, was appointed Receiver. He informs us that the properties are being sold to pay creditors of the company, but the proceeds of the sale will not be sufficient to pay its indebtedness in full and there will be nothing left for the stockholders. However anyone holding Invader Oil Corp. Gold Notes is being asked to send them to the Receiver with certified claim for notes attached. We believe the stock of this company without value at the present time.

Investment Securities of Florida.	There is absolutely no market for the 10 per cent. Paid and Partial Paid Certificates of the above company at the present time. In order to establish a loss the securities must be sold. The proper procedure is to sell the certificates at auction and then deduct your loss on the difference. In our opinion the certificates have no present market value. In fact, they have had no market value in 1929 and 1930.

Island Oil & Transport Corp.	Inc. Va. In October, 1923 the stockholders of this company were offered the right to exchange their stock for that of the Gulf States Oil & Refining Company on the basis of one share of Island Oil & Transport Corp. plus $3.00 cash for one share of Gulf States stock. The latter company went into receivers' hands and the shares are now without value. The Island Oil and Transport Corporation's property is being operated by a receiver, and, at last accounts, holds about $1,500,000 for $3,500,000 of 8% notes. It is reasonable to assume that the stock has no equity and is without value.

Isle Royale & Ohio Mining Company.	Supplementing our last report, the County Clerk & Register of Deeds of Ontonagon County, Mich., reports that they have no record of the above company. We did find out that a part of Isle Royale or all is being taken over by the Federal Government as a National Park. We have covered all the mining companies that have property in Isle Royale, and they reported that their companies, or their predecessor companies did not take over the subject company or its property. It is our opinion that the shares are worthless.

Jackson, Ann Arbor & Detroit Railway Company.	Detroit Trust Company and A. L. Drum, Receivers of the Eastern Michigan Railways, informed us as follows: "It is our understanding that about 1907 the Jackson, Ann Arbor & Detroit Railway Company sold its entire assets to the Detroit, Jackson & Chicago Railway and that this latter company issued bonds which were a first mortgage on the Jackson, Ann Arbor & Detroit Railway property and a third mortgage on the Detroit, Jackson & Chicago Railway property. These mortgages were subsequently foreclosed and the equity of the bondholders of the Jackson, Ann Arbor & Detroit Railway property was very small, and the stock having had no value."

Jameson Enterprises, Inc. Incorporated in New York State on January 6, 1928, and was located at 12 East 41st Street, N. Y. C. Mr. A. Spencer Feld, an attorney, and former director, located at 12 E. 41st Street, N. Y. C. informed us that the company went out of business about eight months after incorporation, owing him $400 for attorneys fees. However, the company will not become legally defunct until June 30th of this year, when its charter will be forfeited by Proclamation of the Governor of New York State for non-payment of taxes. The stock is probably deductible as a loss for the year 1928. Or, if the government will allow it as a loss when the company becomes legally defunct, then the stock should be deducted as a loss for this year, when it loses its corporate existence. We do not believe you could deduct the loss for 1931, but do believe it could be done for this year (1933).

Jerome Verde Development Company. Incorporated April 18, 1921 in Delaware and the office of the company is reported to be located at 233 Broadway, New York City in care of C. P. Sands, Secretary. The company leased the property and failed to open any substantial ore bodies. In the interest of economy, all regular office help has been done away with, and maintenance expense cut to a minimum. No development work was done in 1928, and the mine is now idle. Alex Finn & Company, 25 Beaver Street, New York City, will pay one cent per share for the stock (1932).

Jerseyman, Inc. N. J. 1930.
Jerseyman, Inc., The. Incorporated December 18, 1918 in New Jersey, and was engaged in publishing a newspaper, and their plant was located at 2 South Sussex Street, Dover, N. J. Mr. Samuel H. Gillespie, President of the company, who has an office at 8 Fletcher Street, New York City, informed us that this company owed about $40,000. A man by the name of Little of Morristown, N. J. took over the company and assumed the $40,000 of notes. A new corporation, The Jerseyman Corporation, was formed and took in the stockholders of the old company. The latter company headed right for the depression and because of other com-

petition accumulated debts of about $30,000, and was adjudicated a bankrupt on September 9, 1931. Oliver K. Day of Morristown, New Jersey, is the trustee in liquidation. The company owes money to employees, and has these other debts, with no assets to pay for them. The stock in Mr. Gillespie's opinion has absolutely no value.

Jewish Colonial Trust (Juedische Colonial Bank), Ltd.	Governor and Managing Director: Dr. B. Feiwel, London. Directors: J. Cowen, London, chairman; G. Halpern, Berlin; M. M. Ussischkin, Jerusalem; I. A. Naiditch, Paris. Manager: W. Wolf. Secretary: S. Costa. Office Brook House, Walbrook, E.C.4. Auditors: Jackson, Pixley & Company. Bankers: Lloyds Bank, Ltd. Solicitor: Albert M. Oppenheimer. Registered March 28, 1908. Owns about 98% of capital of Anglo-Palestine Bank, Ltd. The Authorized capital is £2,000,000 in shares of £1, of which issued £395,330, (£1,999,900 is in ordinary shares and £100 in founders' shares). The founders' shares are vested in a council or its nominees, and can only be transferred with the approval of the council; they do not entitle the holders to receive any portion of the profits, but at any general meeting they are to have collectively an equality of votes with the other shareholders present in person or by proxy, but on any question relating to the payment of dividends or otherwise dealing with the profits of the company the founders' shares are to have no voting rights. In the event of winding up, the founders' shares will only be entitled to receive the amount paid up after repayment of the capital of the other shares. All the founders' shares have been issued as fully paid, and of the ordinary £395,135 has been subscribed and paid up. At December 31, 1930, there were current, deposit and other accounts for £1,343,560. Accounts to December 31, 1930, submitted in June, 1931. Ordinary dividends (%, free of tax) for last 18 years—1912, 2-11/12; 1913 to 1919, nil; 1920, 5; 1921, 1s. per share nine years to 1930, nil. Reserves £4,528; carried forward £13,148 (compared with £7,660). Investments—British Government, Dominion and Corporation securities £116,414 (market value £119,600), subsidiary companies £329,581, other £102,113; due to subsidiaries £81,189; cash £187,-756. Voting power, one vote for each ordinary share. Director's qualification, 500 shares. Transfer form, common; fee, 2s. 6d. According to the above the stock appears to be worth about $6.00 a share in American dollars, but do not know if you could get that price if you desired to sell the stock. If you will give us the numbers of certificates of your stock, number of shares in each case, and to whom the stock was issued, we will be glad to write our correspondent in England and try to find a market for the shares.	
Jewish Colonial Trust (Juedische Colonial Bank), Ltd.	We received the following letter from the Jewish Colonial Trust, Ltd., dated April 20:— "We are in receipt of your letter of the 9th inst., and beg to inform you that we are unable to give you any idea of the value of the shares of our

company. As you are doubtless aware, there is no Stock Exchange quotation for same, and inasmuch as the shares for the most part are firmly held, very few transactions take place in same. Such transfers as reach our hands appear to be the result of private negotiation, and as far as we can judge the price paid varies between 10/— and 17/—per share. There is now no coupon on our shares payable, the coupons Nos. 1-9 and 11/12 having been declared payable some years ago and have since been made void in accordance with our Articles of Association in that respect."

Jontell Gasoline Company.	Inc. Okla., April 2, 1919. We have checked the reception records of the State of Oklahoma and are unable to find any record of such a corporation having been received on the above date. The Corporation Commission has no record of it, and although it may have been incorporated at that time and for some reason the records do not disclose the filing, the corporation would not be in good standing and the fees and reports have not been taken care of and no licenses have been issued. In view of the above we believe the company out of existence. As far as we can ascertain there is absolutely no market for the stock.

Josevig-Kennecott Copper Company. Incorporated—Washington, 1916. Capital—$2,500,000. Par value—$1. Property consisted of 22 mining claims, totaling about 440 acres in Chitina Copper Belt, southwestern Alaska. The company has not been operating since about 1919. We understand the entire project was a stock-selling scheme. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Journal Box Lifting Company. Supplementing our report rendered August 9th, Mr. James Guy Bassett, an attorney, located at 718 Park Bldg., Pittsburg, Penna., informed us that this company has been out of business for several years and that the shares are worthless. The company was organized to place on the market a patented Journal Box, which failed. Therefore, in view of the above we submit the shares as worthless.		
Journal Box Lifting Co. The above company ceased business January 1, 1913, the assets being distributed to the creditors and stockholders of the company. Mr. A. R. Bassett was treasurer. The attorney for the company was J. G. Bassett, 618 Farmers Bank Bldg., Pittsburg, Penna. We are attempting to locate the above officer and attorney and will send our final report upon receipt of our reply.

Jung Building Co.	N. Y. 1929.	
Jung, M., Jr., Inc.	N. Y. 1929.	
Jung, Martin, Inc.	N. Y. 1929.	

Jung & Moore, Inc. Company was organized under the laws of New York and on May 11, 1925, took over the partnership business formerly conducted as Jung & Moore, as partners, the consideration being $50,000. Henry Jung, deceased, was President and Treasurer and company dealt in lace curtains with a place of business at 907 Broadway, New York City, N. Y. The business represented the personal activities and connections of Henry Jung, deceased, and upon his death, as of Jan. 28, 1926, all active business was discontinued by the company. No additional goods was bought by the corporation and efforts were immediately commenced to sell the assets, pay off creditors and liquidate the company. A petition has been filed for leave to dissolve the company. We submit the following statement of assets and liabilities, showing the "Book Figures" and also the "Actual Value" of assets as of Jan. 31, 1926:

Assets	Book Figures	Actual Value
Cash	$12,568.85	$12,568.85
Accounts Receivable	9,094.50	9,094.50
Inventory	30,000.00	30,000.00
Furniture and Fixtures	2,766.73	100.00
Good-Will	5,544.42	0
Totals	$59,974.50	$51,763.35
Accounts Payable	$9,387.76	
Notes Payable	4,442.10	
Total	$13,829.86	$13,829.86
Net Assets	$46,146.64	$37,933.49
Capital Stock	$50 000.00	$50,000.00
Book Value a share	$92.29	$75.86

During the month of January, 1926, the company lost $6.091.30 which reduced the Jan. 1, 1926 surplus of $2,237.94 to a deficit as of Jan. 31, 1926 of $3,853.36. The "Inventory" which was carried on the books at 30,000 was sold for less in liquidation and the "Furniture and Fixtures" were actually sold for $100.00. The "Accounts Receivable" are being slowly collected and the creditors have been paid in full. As the company was a one-man business which ceased to operate upon the death of Henry Jung, Jan. 28, 1926, there can be no value to the good-will. We submit $75.86 a share as a fair value for this stock as of Jan. 28, 1926.

Jupiter Gold Mining & Milling Co. Incorporated in Wyoming about 1901 and became inoperative in 1927 by proclamation for non-payment of taxes. We have searched our mining records back to 1901 and found no record of this company's operations. It is our opinion that the company went out of business many years before 1927 and that the shares are without value.

Juvenile Publications.	Located at 2327 Linden Avenue, Baltimore, Md. Mr. Chas. J. Dorsey, President of the company, informs us that the financing of the company has been slow and long drawn out, however, the company is making good progress, and have at last got in to production, and feel that they will soon have some good news for the shareholders. As for the value of the stock the company as never sold it for less than par, which is $10 per sare. They cannot tell you where you will be able to find a market at this time for same, but feel if your client will hold it for a while it will take a considerable advance in price (1931).

Katherine Gold Mining Company. Incorporated May. 1926 in Delaware and had their principal place of business at 410 Montgomery Street, San Francisco, California. In December, 1929, the company was declared bankrupt with an indebtedness of $524,-864.00. C. A. Diehl of Phoenix, Arizona; J. J. McCarthy of Oatman and W. S. Thompson were appointed appraisers and C. Ducheneau, receiver. On February 25, 1931, 50,000 shares of the capital stock were sold at auction by Adrian H. Muller & Sons at $130 for the lot. It is our opinion that the shares are without value.

Kawich Gold Mining Company of Nevada. Incorporated under the laws of Nevada. In 1905 it was reported that the company held 14 claims in the Kawich District of Nevada, which was reported as a prospect and no development work had been done up to that time of any account. We have found no trace of the company since then and believe it is out of existence and the stock worthless.

Kay Copper Co.		1
Kay Copper Corporation. Incorporated in Delaware on January 24, 1923 and was located at 25 Broadway, N. Y. C. A receiver was appointed on September 29, 1927. There are outstanding $2,000,000 of the company's bonds. We have found no record of a foreclosure. A report in 1930 stated that the management was attempting a reorganization. The shares were actively quoted up to April, 1931 and the last quotation was in October by McNeal. On October 2, 1931 McNeal & Company of Chicago bid $.00½ per share for 5000 shares. There has been no market for the stock since then. Therefore, it is our opinion that the shares became worthless in 1931 for the reason that the contemplated reorganization fell through on account of the metal market at that time.

Keene Valley Players, Inc.	Incorporated in New York, June 4, 1925. This company was formed by several actors who were spending their vacation at Keene Valley, New York. We understand they gave shows at some of the summer resorts in that vicinity during the summer months of one or two years. We do not believe the stock ever had any real value and therefore believe the stock valueless at the present time.

Kenlatex Oil Company.	Incorporated—Delaware, 1922. Address—516 Paddock Building, Boston, Mass. We do not find any trace of this company after 1925 and believe it went out of existence at that time. On March 17, 1926, its charter was declared null and void and proclaimed by the Governor in January, 1927, for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Keokuk, Iowa City & Minnesota R. R.	Value 1st Mtge. bonds. Railroad never finished—only some grading having been done. By decrees dated June 6, 1868 and March 9, 1874, the property in Henry County, Ill., was conveyed by deed dated April 28, 1874, to H. S. Clark, who subsequently assigned his interest to H. Ambler and Charles Snider. By deed dated April 18, 1881, Ambler and Snider conveyed the property and franchises to the Keokuk & Northwestern R. R. Co. By decree dated Mar. 2, 1877, property in Lee County was conveyed by deed May 11, 1878, to William Timberman, Trustee. Guy Wells, successor to Timberman, conveyed the property by deed dated July 1, 1880 to the Keokuk & Northwestern R. R. Co. From the above it would appear that the said bonds are valueless.

Kercheval Products Company.	The Dept. of State of Texas reports that they have no record of this company as a foreign or domestic corporation. It was probably incorporated in Texas under a Declaration of Trust and is out of existence. The Thomas Register of "American Manufacturers" for 1923 & 1931 does not list this company. We do not believe the company is in existence and it is our opinion that the shares are without value. If the certificate states the city in which the company was located we could probably get a confirmation of the above from the courts.

It is our opinion that the company failed to find oil and went out of existence soon after. Our Petroleum Register books do not list the company as having operated in 1910 and believe the shares are worthless.

Key West Realty Company. Value of 277 Shares of Capital Stock. The Key West Realty Company was incorporated under the laws of the State of Florida and is located at Key West, Florida. Mr. Wm. R. Porter, President of the company, informed us that this stock had no market value at any time near the date of death. The original par value was $100, a share, but prior to June 14, 1930, it had been liquidated to the extent of 45 per cent of the par value. The Company is an inactive real estate holding company, and while it holds quite a large body of land on the island of Key West, there is no market for the land and there is no gauge at present by which to fix a value on the company's holdings. Mr. Porter also stated that it is doubtful if the shares could have been sold for ten cents on the dollar at any time near the date of death. The real estate boom is over in Florida and the company will probably lose the land for taxes in time, as it happens to most companies that hold real estate in that state. In view of the above, we do not believe the shares had more than a nominal value as of June 14, 1930 and submit it as such as of that date.

Keystone Ranger Development Company.	In 1925 a receiver was appointed for this company and since that time we are unable to find any trace of it. All letters addressed to the company at Union Arcade Building, Pittsburgh, have been returned and marked "unclaimed". The last quotation of the stock of which we have record, occurred in 1928 when 2,000 shares were offered at .01 no bid received. As far as we can ascertain, at the present time, there is no market for the stock, which we believe valueless.

by this company were taken over by the Ainsworth Copper Company of Douglas, Arizona. The shares in our opinion are without value.		
King Copper Mines Company. Incorporated in Washington and maintained an office at Seattle. We find no trace of the company for a great many years and believe it went out of existence a long time ago. On July 1, 1919 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Kinsley Steamship Lines, Inc. Incorporated under the laws of Delaware and was located at 17 Battery Place, New York City in 1926—information unobtainable in 1929. Officers—Newton E. Kinsley, President; Frederick W. Bexter, Vice-President; Geo. J. Spattle, Secretary. We have been unable to find any further trace of the company or its officers and believe the company is out of existence. The only quotation found of its stock is at auction for $35 the lot at A. H. Mueller & Sons on December 29, 1926. In view of the above we do not believe the shares have any more than a nominal value, if any, at the present time.

Kinsman Block System Company. Incorporated—New York. This company formerly had an office at 38 Pine Street, and 50 Church Street, New York City, in 1911, and was reported inoperative in 1922. Wm. C. Kinney (with Harvey Fiske & Sons) in 1914 reported that the company went out of business about 1912. Mr. Kinney was at one time secretary of the company, and a director up to the time of its dissolution. It is our opinion that the shares are worthless.

Knowllwood Cemetary of Boston.	The plan of operation was described as being based on an agreement between a John Cameron and his associates, the parties interested in the land of the subject,

who divided their interests into 15,000 participating shares and sold them to members of the public who were reported largely in the Borough of Manhattan. The basis for the shares issued is the so-called "Cameron Agreement" which is understood to have provided that the subject would pay one-half of the proceeds received from the sale of lots to the holders of the participating certificates. It is advised that only three small dividends were paid to the holders of the participating shares. It was advised that in 1904 a mortgage was placed on the property and an issue of 6% bonds were sold chiefly to the holders of participating shares. Interest on the bonds is reported to have been paid for three years and defaulted in about 1908. In a recent interview with an official of the corporation it was advised that in his opinion the mortgage mentioned above is an ordinary mortgage, but there is a question as to what the underlying security is. It was pointed out that a cemetery corporation can not be adjudicated bankrupt and that lots sold by the corporation are automatically released from the mortgage lien and, in his opinion, the only effect of a foreclosure of the mortgage would be the loss of the right to operate the cemetery. The property of the subject is described as comprising approximately 400 acres of land located partly in Sharon and partly in Canton, Mass., of which some 30 or 40 acres are said to have been developed at one time with macadam roads, landscaping and a mausoleum. The enterprise is understand to have been inactive for the past 20 years and the property is reported to be in a state of neglect and disrepair. It was advised that from time to time various plans have been proposed by different groups to reorganize and refinance the enterprise but that none of these plans have been consummated. One of these efforts was made in 1910, at which time shareholders are understood to have been asked to deposit their shares and to make an additional subscription of $7 per share with the privilege of making payment in 5 installments. Some of these subscriptions are understood to have been paid in full and others in part. We presume these are the subscription receipts to which you refer. It was advised that the corporation has no money and can not operate and that its only assets consist of the land, the corporation charter and the permission of the Town of Sharon to operate a cemetery. It was advised that the subject securities are of no value at the present time and will continue so unless and until additional finances and working capital may be provided.

Knox, A. W., Chemical Mfg. Co.	Incorporated in New York Oct. 23, 1902, and was located at 108 Greenwich Street, N. Y. C. in 1905. In 1906 no trace of the company could be found. This information was obtained by a personal representative. The corporation was dissolved by Proclamation on March 13, 1926. We have found no evidence that the company had any assets when it went out of business. It is our opinion that the shares are without value.

Kronyte Manufacturing Corporation.	Incorporated —New York June 21, 1921 and at the time maintained an office in Rochester, N. Y. We find no trace of this company for several years and believe it out of existence. On December 16, 1929 the company was forfeited by proclamation of the Governor. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

L. A. Submarine Boat Company. Incorporated—April 17, 1911 in California. Address—139 East First Street, Long Beach, Calif. This company is only in state of development, and has no debts. The company owns some patents which they think are valuable. They do away with storage batteries, and handle a gasoline or oil burning engine submerged the same as on the surface. It is impossible to expect much from this company in these times and believe your client will have to wait for better times before he will realize on his stock, which has no market. For tax purposes we submit only a nominal value.

Lackawaxen & Hawley Telephone Co. Incorporated in Pennsylvania, May 9, 1905. Capital stock $1,415. Officers in 1909: W. R. Shannon, president, Lackawaxen, Pa.; M. C. Rowland, vice-president, Kimble, Pa.; M. H. Lassley, secretary and treasurer, Bohemia, Pa. In 1909 the total revenue of the company was only $204 while the expenses were $331.50, showing a deficit of $127.50. We have been unable to find any trace of this company for a number of years and believe it out of existence. There is no market for the stock which we believe valueless at the present time.

Laclede Consolidated Gold & Copper Mining Company. This corporation was dissolved on January 11th, 1916. The last report filed for the year which ended June 30, 1912 shows the officers to have been as follows: Willis J. Curtis, President, Albany, N. Y.; Andrew Wolf, Secretary, Schenectady, N. Y. The last known address of the company was 50 State Street, Albany, N. Y. There is no record of this company's operations in our mining books. Probably the company was more interested in selling their stock, than finding ore. It is our opinion that the shares were worthless as of April 19, 1933.

La Dura Consolidated Mines Company.	This company still has a legal existence, but is not in good corporate standing. Annual reports and fees are due for the years 1914 to 1929 inclusive. The last report showed John L. Parker as President and Geo. H. Hill as Secretary. The address given for Mr. Hill was 1118-19 Empire Building, Birmingham, Alabama. However, this report was filed in 1913 and we have no later information concerning the company. We find no trace of the company since 1913 and believe the company has gone out of existence. There is no market for the stock as far as we can ascertain.

Lagerman Typotheter Company, The. Incorporated under the laws of New York, Feb. 21, 1887, and had an office at 24 Park Place, New York City in 1892. Statement as of January 1, 1892:—Total assets at least $6,032.00; liabilities other than capital $983.00; no funded debt; receipts for year $5,401.06; expenditures $7,697.95. Officers—Julius W. Chadwick, president Herbert H. Taylor, secretary; Arthur D. Warren, treasurer. According to the company's record it had a very small business and would not last long at the rate it was going. The company evidently failed for we do not find any record of the company after that date. In view of the above, it is our opinion that the company went out of existence before 1900 and the shares are worthless.

Lake Garfield Country Club.	Monterey, Mass.. This company is comparatively small and enjoys a nine hole golf course. The club is much smaller than the Wyantenuck Club which is near-by. It is, however, very attractive. Mr. A. K. Wing, President of the Club, located at 7 Dey St., N. Y. C., informed us that, not knowing whether you hold stock or simply a membership, he is not able to answer us intelligently. The club owns subject to a mortgage 75 acres of land. Mr. Wing will be glad to furnish any further information for you.

Lake Superior Mineral Land Development Company.	First Mortgage 8% bonds due April 1, 1891. We are unable to find any trace of this company for a great many years and believe the company out of existence. The Secretary of State of Illinois advises us that he has no record of a company by the above name, either foreign or domestic. In view of the above and since there are no sales or quotations of these bonds for a number of years we believe them valueless at the present time.

La Libertad Mining Company.	Officers—S. H. Kanmacher, president and director; Alfred Lynch, secretary; W. W. Inwood, director. We are unable to find any trace of this company in current mining manuals and believe it out of existence or very inactive. As far as we can ascertain there is absolutely no market for the stock, which we believe has only a nominal, if any, value at the present time.

Lambda Company. Incorporated under the laws of Virginia and was located at Richmond, Virginia. A letter to the company was returned marked "unknown" and banks in the vicinity do not know of a company by that name, nor could they find any record of the company's operations. It is our opinion that the company failed many years ago and the shares are worthless.

Lane-Rincon Mines, Ltd. Incorporated in New Jersey 1911, and charter was forfeited January 1, 1915; reinstated July 20, 1917. Address—B. F. Witbeck, 75 State Street, Albany, N. Y. Total profits, 1910-1915—$1,250,000. Cash on hand January 1, 1926—$60,000. Property——The Rincon silver mine at Real de Arriba, Mexico. Company has some First Mortgage bonds outstanding that have practically no value. In 1928, 100,000 shares of stock sold at auction for $160 for the lot. The company operates a silver mine and until silver prices pick up, your client's stock will only have a nominal value until that time.

Lange Brothers & Company, Inc.	Incorporated in New York, April 24, 1926 and had their office in New York City. We were able to locate Mr. Robert Nias West, an attorney, in New York, who stated that he was one of the original incorporators of the company, but has not heard anything since. We searched the corporation directories since 1926 and failed to find any further record of the company. The only quotation we found of the stock was a sale at auction when 110 shares of preferred and 330 shares of common stock sold at $45 for the lot. Therefore, it is our opinion that the company failed and is out of existence, and the stock worthless.

La Rose Mines, Ltd.	Incorporated in Ontario, 1908 and in 1918 took over assets of LaRose Consolidated Mines Company. In September, 1926, a reorganization was arranged whereby company will sell all its assets to a new company, the LaRose Rouyn Mines, Ltd. Stock was exchanged on a basis of one share of new stock for each two shares of old. Capital of new company 3,000,000 shares of no par value. Address—Wm. Cameron, 36 King Street, East Toronto, Ontario. The last sale of stock of the LaRose Mines, Ltd., of which we have record, took place on December 18, 1929, when 100 shares sold at auction for $1 the lot. In view of the above sales we believe it would be advisable to exchange the old stock for new stock, because as it is the old stock is practically worthless, whereas the new stock may prove itself in the future.

La Rue Oil Association.	Organized in Texas 1918. Capital—$100,000; issued $71,040. All Common Stock; par value $10. Property—Leases on 59 acres in Electra Field, Texas, and ¼ interest in 4½ acres in Burkburnett, Texas. Address in 1921—Room 25 Cross Bldg., Electra, Texas. We find no trace of the Association after 1921 and believe it went out of existence about that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Latin-American Oil Development Corp. Incorporated Delaware and had an office at 25 Broad Street, New York City, in 1923. Charles R. Twist, President; Juan A. Canals, Vice-President; Lon Hudson, Treasurer, 42 Broadway, N. Y. C. In 1926 the company was reported out of business. We were informed by someone in the office of Mr. Hudson, that Mr. Hudson resigned as Treasurer in 1925 when he found he did not care for the atmosphere of things. The proposition was entirely a promotion and the shares are without value. The company lost its charter in 1929.

Lawrenceville Petroleum Corporation.	Lawrenceville, Illinois. We have been unable to find any trace of this company for a number of years and believe it has gone out of existence. Letters addressed to the company are returned and marked "unclaimed." We have also communicated with several banks located in the vicinity of the company and they advise us they have no record of it. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lehigh Cobalt Silver Mines, Ltd.	Incorporated under the Ontario Companies Act. This company has failed to file annual reports since 1913; accordingly we are unable to find any trace of it since that time and believe it out of existence. Its name has been removed from the current files of the State of Ontario. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lentch Realty & Construction Co.	Incorporated under the laws of New York Aug. 1, 1906, and was located at Brooklyn, N. Y. The corporation was dissolved by proclamation of Governor March 9, 1926, pursuant to Section 107, Stock Corp. Law. We failed to find any record of the company's operations or any evidence that the stock ever had a value. Our directory of Brooklyn Corporations for 1922 does not list this company as a going concern. It is our opinion that the company went out of existence long before 1922 and the shares are worthless.

Lester Whitney Company. Incorporated in New York, Dec. 28, 1898, and maintained an office in New York City. Officers: Geo. F. Whitney, Pres.; Asbury Lester, Secy. and Treas. Par value, $100. We find no trace of this company for a great many years and believe it out of existence. On March 13, 1926 the company was dissolved by proclamation of the Governor. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lexington Hospital Holding Corp.	This company was located at 691 Lexington Avenue, New York City and is now out of existence. Dr. Max Rohde, the President of the company, who is now located at 57 W. 57th St., N. Y. C., informed us that he settled all the debts of the corporation amounting to about $31,000. Therefore, it is reasonable to assume that the preferred and common shares are absolutely worthless.

Liberty Gold Mining Company. (Thunder Mt., Idaho) Incorporated in Arizona, 1903, and had an office at 301 Wainwright Building, St. Louis, Missouri. Officers—E. F. Olden, President (President of Bank of Commerce, Boise City, Idaho); D. I. Forsyth, Vice-President (Said to have been asst. master of transportation with the Wabash). Stock sold in 1903 at 10 cents a share. Assets covered 14 claims in Idaho County, Idaho. In 1903, the venture was reported as a stock selling scheme for the purpose, they claimed, of raising enough money to purchase the necessary equipment to develop their mining claims. A reliable miner, from Thunder Mt., in 1903 reported that it was only a prospect; no development worth notice; 65 miles from a railroad, nearly inaccessible and no immediate prospect of anything better. Our "International Mining Manual" for 1909, does not list this company as a going concern, nor do any of our other mining manuals or records give any evidence that the company progressed beyond the development stage. The stock never had a market, and in view of the above, we believe the company is out of existence and the stock worthless.

Liberty Gold Mining Company of the City of New York. Incorporated—New York about 1866. Par value—$2. Property—located at Central City, Gilpin County, Colorado. In 1903 the company was reported out of existence and its stock worthless.

Liberty Oil & Gas Company.	Incorporated—Maine. This company filed its last report in 1919 and its charter was forfeited in that same year for non-payment of taxes. The last reported officers were: President, Francis J. Buss, Salt Lake City, Utah. Treasurer, J. K. McGill, Belledeau, La. We are unable to find any trace of the company since 1919 and believe it went out of existence about that year. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lime Point Bullfrog Mining Company. Incorporated in Arizona Augus. 14, 1906 and since that time has failed to make annual reports or pay annual fees. We find no trace of this company for a great many years and believe it has gone out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Lime & Stone Products Corporation. Succeeded by Jersey Limestone Quarries, Inc. W. C. Driggs, receiver of the successor company informed us on July 22, 1931, that the present company was placed in the hands of a receiver some months ago and just recently sold at public auction, so there is no possibility of exchanging your stock for that of Jersey Limestone Quarries, Inc. We suggest you keep in touch with the Receiver at Hamburg, New Jersey for the results of the receivership.

Limestone Products Corporation of America. Common and preferred stock. Factory at Newton, New Jersey. The latest sales of Limestone Products stock have been on the following basis: In units of one shares of preferred (par $50.) and one shares common (no par value). Recent sales have been made at $40. per unit. The common stock was given preferred holders as a bonus for the purchase of preferred stock. We therefore believe the preferred stock of this company had a value of $40 per share as of January 9, 1930. The common stock we believe was valueless as of January 9, 1930.

Lincoln Fox Farms, Inc.	Address—112-114 Exchange Street, Bangor, Maine. We are advised that no trading has been done in the stock of this company for a number of years. The stockholders were originally fox contract holders with Frank H. Gordon, Inc., and it is now more or less of a mutual company of original Gordon fox owners who redeemed their foxes at the time of the Receivership sale and who are now ranching for themselves. For further information we refer you to the company.

Lincoln Motor Company.	Incorporated — Delaware. The affairs of this company were wound up in receivership in the U. S. District Court for the Eastern district of Michigan in 1927. The liquidation of the assets did not provide funds sufficient to care for the debts in full and hence no equity remained for the stockholders. The assets of the company were purchased by the Ford Motor Company at the Receiver's sale.

Liquidometer Corporation. Incorporated in Delaware, and have their place of business in Long Island City, New York. Their office informed us that they do not know of any market for the capital stock. They also informed us that the stock has not earned anything this year, and furthermore, have never paid any dividends. There is absolutely no market for the stock, and it is our opinion that the Class A and B shares have only a nominal value at the present time.

Litchfield, Carrollton & Western Railroad Company. The Bankers Trust Company of New York City informed us as follows: "Our records as successor to the Mercantile Trust Company indicate that the Mercantile Trust Company was Trustee under a mortgage of Litchfield, Carrollton & Western Railway Company, dated Nov. 28, 1890, given to secure First Mortgage 5% Gold Bonds of that Company. Default was made on the interest due Jan. 1, 1894, on the bonds of Litchfield, Carrollton & Western Railroad Company (an issue prior to the above mortgage), and in a foreclosure suit brought by the Fidelity Insurance Trust & Safe Deposit Company (Trustee under the Litchfield Carrollton & Western Railroad Company's Mortgage) in the United States Circuit Court in Illinois, the property was ordered sold by a decree of Aug. 19, 1898. Sale was made Nov. 26, 1898, the amount realized being insufficient to pay in full the receivers' certificates which were a lien prior to both of the above mortgages. We, as successor to the Mercantile Trust Company, have no funds to pay the bonds and it appears that they are of no value.

Little Annie Mining Co. Incorporated under the laws of the State of Colorado about 1890 and expired on July 28, 1910. The company was engaged in mining silver and lead at Aspen, Pitkin County, Colorado. At last reports in 1898 a concentrator was being erected. Our "International Mining Manual" for 1909 does not list this company. It is our opinion that the company went out of business before 1909 and its charter expired by limitation in 1910. Therefore, it is our opinion that the shares are without value.

Little Juliet Syndicate.	Incorporated about 1880. Par value, $250. We have searched our own files and many other sources of information available to us but can find no trace of this company for a long time and believe it went out of existence many years ago. The Secretary of State of New York further advises that he has no record of such a company having been incorporated in New York. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lockxon Tooth Mfrs., Inc.	Incorporated in Delaware and was engaged in the manufacture of artificial teeth, with an office at 11 West 42nd Street, New York City. This company was in some way connected with the Associated Dental Products Company, Inc., with whom they shared an office. Dr. W. C. Sinnegan of New York City informed us that it was purely a stock selling scheme and that the whole proposition was misrepresented to the public. Dr. Sinnegan also informed us that the Government convicted the Sprinkle brothers, the promoters, and believes that one of the brothers is now enjoying a prolonged vacation at Atlanta at government expense. Dr. Sinnegan was one of the unfortunate investors and informed us that the shares are without value.

London-Gila Mining & Power Company. Incorporated: Arizona, 1908. It was reported in 1912 that the company formerly had its mine office at Winkelman, Pinal County, Arizona. Officers: Dr. N. H. Morrison, President; S. H. Stewart, Secretary. Land adjoined the London & Arizona near London Mountain. Drill boring, 1910, is said to have shown considerable quantities of low-grade copper ore, with some native copper. Reported as idle and presumably moribund in 1912-1913. We have searched our mining records since then and failed to find any record of the company. It is our opinion that the company is out of existence and the stock worthless.

London Gold Mines Co. Incorporated—Colorado. W. K. Jewett, Pres., Pasadena, Cal.; Wm. I. Hovbert, 1st Nat'l Bk., 28 W. Monument St., Colo. Springs, Colo., Vice-Pres.; John T. Haney, Mining Exchange Bldg., 4 Holly Ave., Broadmoor, Colo. Springs, Colo. Principal office—Colo. Springs, Colo (First Nat'l Bank).
Common—$100,000; par $10.

Lone Star Petroleum Company.	This company was organized under the laws of New Jersey to export certain oil from lands in the State of Texas. It conducted an office in New York City for a time but we have been unable to locate the company recently. We do not find the company mentioned in any handbook and the stock has been adjudged worthless in other transfer tax proceedings. We, therefore, submit it as such at the present time.

Lookout Gold Mining Company.	Incorporated—Iowa, 1896. We find no trace of the company for a great many years and believe it out of existence. On September 29, 1911 its charter was forfeited. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Lookout Mountain Iron Company.	Incorporated in Alabama about 1902 and had its general office at Battelle, Alabama. The company had a funded debt of $500,000 and the trustee for the bonds was the American Trust and Savings Bank of Birmingham. On March 15, 1906 the company was placed in receivers hands. On Nov. 10, 1906 the property other than stock in the commissaries and the bills receivable were bid in by the First National Bank of Cinn. for $304,875. The commissary supplies were bought for $4,450. The funded debt of $500,000 was used as collateral for loans made by the company. These loans were renewed and the creditors claimed that at the time of the last renewal the company was insolvent. As far as we know the sale was upheld, leaving no equity for the stock which is without value.

Bonds due 1939. This company is at present located at 1421 South 37th Street, Philadelphia, Pennsylvania. Letters from the company in 1911 and 1912 gave par as the value for the bonds. Our letters to the company have not been answered or returned. The Better Business Bureau of Philadelphia reports that the bulk of the bonds are owned by members of the families in control and there is no general market for the securities. While no definite figures were ascertainable, it appeared that the properties of the company might some day be valuable. If your client desires to sell his bonds, we shall be glad to have our correspondent in Philadelphia find a market for the securities.

Loop Construction Company. Incorporated in Illinois about 1895. We have searched our records of Illinois Corporations back to 1910 and failed to find any such company in existence nor any evidence that the stock ever had a value. It is our opinion that the company has been out of existence for many years and the shares are without value.

Lord and Burnham Company. This company was actually dissolved in 1905. There is a company by the same name operating at the present time, which was organized in 1905 as a successor company to the one dissolved the same year. At this time all the old stock was called in and new stock was issued. So far as the treasurer of the present company knows, there is no stock of the old company outstanding. However, if you have some of the old stock that is still outstanding, he would greatly appreciate being advised of this fact. No doubt an exchange of this stock can still be made. The present company are Greenhouse Designers and Manufacturers, manufacturing Burnham Boilers and Sash Operating Machinery. They have factories in Irvington-on-the-Hudson, N. Y., Des

Lorraine Petroleum Company. Robert J. Gill, of Gill, Greene & Waters, attorneys, located in the Baltimore Trust Building, Baltimore, Md., informed us that no basis of exchange for shares of Inter-ocean Oil Company has ever been made effective. As a matter of fact at the present time the shares of the Inter-ocean Oil Company are without value. Mr. Gill also stated that the shares of the Lorraine Petroleum Company of all classes are without value, but he can not tell when they became worthless. Various clients of his have used the year 1930. We found a bid of 10 cents per share for the preferred stock on November 9, 1928, and none thereafter. The common stock had no market value in 1928 for the last bid was made in April, 1927. We found that 1,000 shares of preferred and 1,300 shares of common stock sold at auction on December 12, 1928 at $100 for the lot. It is our opinion that the common stock had no value in 1928, and the preferred stock had no value in 1929, and submit them as such as of that time.

Lost Canon Mountain Mining Company.	Incorporated: Colorado. Capital: $300,000. Par Value: 3 cents. Officers: Pres., Paul L. Hoertel, 519 N. 5th Ave., Maywood, Ill.; Secy. & Treas., Wm. Berg, 511 Reaper Block, Chicago, Ill. Directors: The above and: L. M. Darnler, 511 Reaper Block, Chicago, Ill.; N. B. Grandstaff, Flora, Ind.; P. K. Derry, Granite, Colo.; Raymond Pajeau, 2340 Racing Avenue, Chicago, Ill. For two years no work has been done at the mine. Whatever work is to be done this summer depends on the new financing which may be resumed this spring. The company's selling price has always been from 1 to 3 cents a share, and the next allotment if any is offered will be at 2 and 3 cents a share. No stock has been sold for nearly two years and at present there are still over 7,300,000 shares in the treasury with only about 2,700,000 shares outstanding. The company has no funds on hand at present.

Louisiana Consolidated Mining Co.	Incorporated on May 17, 1912 in Nevada and had an office at 111 Broadway, N. Y. C. In November 1919 a receiver was appointed. Liabilities of $500,000 were reported. The bondholders purchased the assets at receivers sale for $400,000 in December 1921. In the reorganization the old stock was assessed 20c per share. This offer expired years ago and the shares are now without value. The company lost its charter on February 28, 1924. On December 22, 1926, 3,000 shares sold at auction at $3.00 the lot.

Lucania Tunnel & Mines Company. Incorporated in Colorado in 1906, and had an office at 205 Colburn Building, Denver, Colorado, with E. A. Colburn as President and General Manager. In 1916 it was reported that their mortgage was foreclosed in 1914 by the Pennsylvania Mining, Power & Reduction Company, and the property reverted to them. As the mortgage was not satisfied in full, the stockholders of course received nothing. It is our opinion that the shares were worthless as of September 23, 1931.

Luce Cane Harvester Corp. We are advised by the Secretary of this corporation that there is absolutely no market for the common and preferred stock at the present time. Furthermore, there have been no sales of record for about 6 years. In view of the above it is the deponents belief that the stock has no more than a nominal value at the present time.

Lucky Boy Consolidated Mines, Inc. The Lucky Boy Consolidated Mines, Inc., was incorporated in Nevada, 1912, and maintained their principal office in care of J. F. Miller, Hawthorne, Nevada. Years of effort have failed to make a successful mining venture. Company's present hopes for financial success seems to lie more in the possibility of exploiting its real estate on the assumption that the construction of a naval munitions plant near Hawthorne, will add to the value of its property. Most of the ore that was shipped in 1927 and 1928 contained mostly silver, and a small percentage of lead and copper. At the present time copper and silver are very quiet. There is little, if any, demand for silver stocks at the present time, and there is little hope for better silver prices for some time to come. The company's property covers 1,280 town lots in Hawthorne, Nevada, and 320 acres of unsurveyed ground in that town. If your client does not own too large a block of stock, it might be well to pay the two cents assessment and gamble on the company's future possibilities. A bank at or near Hawthorne would probably inform you as to the real value of the company's property.

Lucky Dime Oil Company. Incorporated — Texas about 1901. Officer—James E. Moore, President. Office—Galveston, Texas. We understand that the men who promoted this company also promoted many others, all of which were not successful. Any profits made by the company went to the syndicate behind the venture. On July 2, 1906, the charter fo this company was forfeited for non-payment of taxes and we find no trace of it since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Lupton, F. M., Publishers Incorporated.	Incorporated in New Jersey and had an office on the 14th floor at 80 Lafayette Street, N. Y. C., in 1929 according to the New York Co-Partnership & Corporation Directory for 1929. We attempted to obtain a financial statement of the company as of Dec. 31, 1928, but according to the Secretary of State of N. J. the company was not required to file a financial statement. On Dec. 26, 1928, 100 shares of Class A stock were sold at auction at Adrian H. Muller & Son, N. Y. C., at 3 cents per share. On Jan. 9, 1929, the Class A Stock was offered at 25 cents per share with no bids. In view of the fact that the company did not go out of existence until 1929 we submit a nominal value for the capital stock as of Dec. 31, 1928 and zero for 1929.

M. & H. Operating Corp.	We were informed by Mr. Alan S. Hays that the stock, as well as the certificate of indebtedness of this company is absolutely worthless. The corporation owned and operated a piece of property on 8th St., in Manhattan, and the expenses proved to be so great that not only were the stockholders and officers unable to receive any return whatsoever from the company, but in addition, the company, at the end of the year 1930, found itself unable to pay taxes and installments of interest and principal on its mortgage. During 1931 the second mortgagor foreclosed its mortgage and took over the property, leaving the M. & H. Operating Co. with no assets of any description.

MacNamara Mining & Milling Company. Incorporated—California, 1914. Address—542 Mill Bldg., San Francisco, Calif. Production — The company produced about 1,500 tons per month when active. Company was producing in 1920-21 but in 1922 the mine was idle, and we do not believe the company has resumed operations to-date. The last quotation of the stock, of which we have record, occurred on March 1, 1922, when it was quoted .02 bid, .03 asked. We believe the stock has only a nominal, if any, value at the present time.

Madden Safety Razor Corporation. Incorporated, in New York State in 1919. Upon the death of Mr. Madden about three years ago the stockholders of both the Madden Silent Wheel Corporation and the Madden Safety Razor Corporation were called upon to decide the future policies. While the possibilities of the Silent Wheel Corporation were reasonable, the task of carrying on both corporations seemed too stupendous. It was therefore decided to dissolve the wheel corporation. The Razor Company is capitalized at 40,000 shares of common stock. No funded debt. We understand that the company owes no debts. The success of the enterprise, according to Mr. Smith, president of the company, largely depends on the success of a present refinancing program in connection with the Investment Banking firm of Colfax Phillips, Inc.—whereby the company shall have sufficient funds to increase their sales force and conduct a substantial advertising campaign. We understand the present officers have not received any salary during the past three years and appear to be bending every human effort to bring about the ultimate success of the company.

Madder Color Company of New York. Incorporated, New York, Aug. 13, 1870. Capital, $1,000,000; par value, $1,000. We do not find any trace of this company for a long time and believe it went out of existence a great many years ago. On April 2, 1924 the charter of the company was proclaimed repealed by the Governor for non-payment of taxes. As far as we can ascertain there is no

Madison Planting & Mercantile Company.	After an examination of the indexes to the records of charters, we were unable to find that a charter of the above company was filed and recorded in the office of the Secretary of State of Louisiana. We have searched our files and were unable to find any record of such a company. It is our opinion that the shares are worthless.

Madras House, Inc.	N. Y. 1929.	
Madras Marble Company.	Organized under the laws of Delaware, made an attempt sometime prior to 1926 to reorganize under the name of Aetna Quarries Corp., organized under the laws of Colorado. Some of the stock was exchanged for stock in the latter company. This reorganization failed to go through. In 1926 a new corporation called Madras Marble Corporation was organized under the laws of Colorado, and one share of its common stock called Class "C" was given for each share of Madras Marble Company stock and for each two shares of Aetna Quarries Corporation stock. Most of the debts other than those secured by the Madras Marble Company were taken care of by giving 6% Class "A" Preferred Stock of the new corporation. At the time of reorganization the old stock was not considered by those in a position to know of any value whatsoever, and it was thought doubtful if the general creditors would get anything for their claims if the company was liquidated. We have understood that since 1926 the charter of the Madras Marble Company was cancelled for non-payment of taxes, but we do not know when this was done. The property taken over by the Madras Marble Corporation has since been foreclosed and all its property disposed of toward the payment of its debts.

Magdalena Gold Mining Company.	Incorporated—Colorado—Stock dated 1893. Our records show that the charter of this company expired by limitation September 23, 1912, and same has never been renewed. We searched our mining directory for 1898 showing all claims of Colorado mining companies and said company was not mentioned as a going concern. It is our opinion that the company is out of existence and the shares worthless.

Magdalena Syndicate.	Controls ⅞ interest in Nato Petroleum. Mr. J. S. Cosden of Cosden Oil was on the executive committee and is located at 730 Fifth Avenue, New York City. Mr. Stanley La Cov of 2 Lafayette St., New York City, is, we understand, the attorney for the company. Mr. W. S. Thomas, President, is making his office with J. R. Williston & Company, members of the New York Stock Exchange, located at 11 Wall Street, New York City. Company owns leases on 65,000 acres in Colombia. As far as we know the oil industry is rather quiet at the present time.

Maine Mile Track Association. Incorporated—Maine. Officers—Geo. Burnham, Jr., President; J. C. T. Fainham, Treasurer. This company filed its last report in 1899 and its charter was suspended in 1901 for non-payment of taxes. We have been unable to find any trace of the Association since that time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Malba Estates Corporation. Incorporated—New York. Office—509 Fifth Avenue, New York City. Officers—William C. Demorest, President; Chas. S. Conklin. Vice-President: William M. Crowe, Sec. & Treas. The 5% debenture bonds were last quoted in 1930 by H. D. Knox & Company, 11 Broadway, New York City, at about 7 bid, 10 asked. We were informed by Mr. Wm. H. Crowe, who is located at 8564 104th Street, Richmond Hill, Long Island, that the company held some property at Malba, Long Island on which there was a first and second mortgage. These mortgages were foreclosed and the property was sold for the benefit of said mortgages, leaving no equity for the capital stock, which is without value.

Mallery Fuel Gas Corporation, Incorporated.	Delaware. This company was formerly located at 206 West 14th Street, New York City. W. G. Buxton, President has an office at 381 Bleeker Street, New York City. R. C. Fisher, former treasurer of the company, who is located at 430 East 57th Street, New York City, informed us that the company is out of existence, and the stock worthless.	
Mallery Fuel Gas Corporation.	Incorporated—Delaware, June 5, 1924. Officers—W. G. Buxton, Pres., 206 W. 14th St., N. Y. C.; R. C. Fisher, Sec. and Treas., 430 E 57th St., N. Y. C. Address—206 W. 14th Street New York City. We are advised that the company was organized to market an oil burner, the invention of Mallory. He was never able to turn over a satisfactory burner to the company, and the agreement covering the marketing of the burner became involved in litigation and the company went out of business. It had at that time nothing but debts. There is no market for the stock which we believe valueless at the present time.

Manchester Telephone Company. The property of the above company was purchased by the New England Telephone & Telegraph Company in 1899 at a receiver's sale for $8,000 and what disposition the receivers made of this money is not known. We have been informed that the proceeds were applied to the expenses of the receivership and that the stockholders received nothing. The receivers were Edwin S. Jones and George H. Warren, Manchester attorneys, who have been deceased for many years. We believe the stock to be of no value.

Manhasset Island, Inc. Incorporated in New York, Jan. 12, 1926, and is located at Manhasset Island, New York. Mr. Charles H. Stoll, President, informed us that company owns a lot of real estate that cannot be sold at any price, on account of the present market condition. There is a First Mortgage of $295,000 that is secured by the real estate. The directors have loaned the company about $300,000 to date, and under present conditions it is doubtful whether they will get it back in the near future. If the interest were defaulted on the mortgage, we do not believe the property would bring more than $295,000, if that under the conditions that exist now. With the mortgage of $295,000 outstanding and $300,000 advanced by directors we do not believe the preferred or common stock has

any value. The preferred or common stock has not earned anything in the last three years nor have any dividends ever been paid. There is absolutely no market for the stock and will not sell at any price. Therefore, we submit only a nominal value for the preferred and no value for the common stock.

Manhattan Center Company. Company is engaged in the real estate business with a limit of existence to May, 1932. The company is located at 40 East 49th Street, New York City, with Chas. B. Plummer as Secretary. The company paid dividends out of surplus last year, which they should not have done. At the present time they are operating in red figures. We have been informed that there is no market for the stock, but it has a liquidating value of $115. per share. The company is operating on a lease and will go out of existence in 1932. The best way for the stockholder to get his money is form a protective committee and liquidate. They might never pay dividends again because of the general slump in business.

Maple Grove Cemetery Association. Association was incorporated under the laws of New York in 1875. Property located at Richmond Hill, Queens Road, N. Y. Mr. G. E. Cogswell, Secy., 140 Nassau St., New York City. Certificates are issued in fifteen-hundredth parts. One half of the difference between the sales price and the expenses of the plots sold are divided every three months between the holders of these certificates in the proportion to their holdings. The last known sale was quite a few years ago at $25 per part. Quite a number of plots have been sold since this quotation and the earnings or dividends impaired thereby.

Maple Leaf Oil & Gas Syndicate. We have searched our files and failed to find a record of this company, nor has the company ever operated in Kansas. The Petroleum Register lists all oil and gas companies and failed to find a record of this company. Furthermore, we have found no evidence that the stock ever had a value and believe the shares are worthless.

Marengo Portland Cement Company. This company was thrown into bankruptcy some time prior to 1914, and the sale of its assets in the Bankruptcy Court failed to yield anything for creditors or bondholders. It would appear, therefore, that the bonds are and have been for a long time entirely worthless.

Marquette Oil Corporation. Value of Stock Voting Trust Certificates—May 28, 1926. Company was organized under the laws of Delaware on March 24, 1924 and has an office in the Atlas Bldg., Tulsa, Oklahoma and also at Eldorado, Arkansas. Company was organized as a holding company to acquire the capital stock of the Gladys Belle Oil Company, all of which stock it has not acquired. The "Marquette" Voting Trust Certificates were issued for the "Gladys" stock as follows:

"Marquette"	For "Gladys Belle"
1 V. T. C.	10 Shares Preferred
1 V. T. C.	20 Shares Common

The market for the "Gladys Belle" Stock in Tulsa, Oklahoma is at 4½ cents a share for the Preferred and 2½ cents for the Common giving a market value for one Voting Trust Certificate of the "Marquette" of from $.45 to $.50 each. We submit $.45 for each "Marquette" Voting Trust Certificate as of May 28, 1926. The Gladys Belle Oil Company is in the hands of a Creditors Committee and the principal creditor is the Frick-Reid Supply Company.

Marquitoes Mines Company. Capital—150,000 shares; par value $10. Property located in Hermosilita District, Sonora, Mexico. We understand the property was closed down for several years on account of troublesome Yaqui Indians who killed the superintendent and forced operations to be suspended. In 1910, we understand, Albert Adams, Jr., of Atlantic City, New Jersey, took over the property, but evidently the venture did not succeed, as we find no trace of the company for many years and believe it out of existence. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Mascota Mining Co. Incorporated—Arizona, about 1911. Reported to have had mining claims in the state of Arizona. We have searched our mining records from 1911 to date, and failed to find any record of this company's operations. It is our opinion that the property proved worthless and the company passed out of existence. The stock never enjoyed any market and in view that the company is advertised as defunct we submit the shares as valueless.

The Matanzas Blaugas Company was incorporated under the laws of Delaware, and was reported to have lost its corporate existence in 1925. We have searched the records of gas companies back to 1919 and failed to find any record of the company's operations. The Trust Company of Cuba, Havana, Cuba, informed us that the bond issue of the Matanzas Blugas Company has been in default for a number of years, and will become due Jan. 1, 1932. They also informed us that the company will be unable to meet their obligations at maturity. Evidently the bondholders have not started foreclosure proceedings because they would not think it worth while. Brokers informed us that they never heard of the company nor of its operations. We have never been able to find that the bonds had any value, and in view of the above we do not believe the bonds have more than a nominal value and submit the stock as worthless.

McAlester Auto & Supply Co. Incorporated in Oklahoma and amended its name on January 8, 1918 to McAlester Buick Co. However, the latter company's charter was cancelled on August 8, 1921. Stanley Thomas, Pres., McAlester, Okla.; Elmo Smith, Secy., McAlester, Okla. On October 5th, we sent letters to the above officer at McAlester, Okla., and they have not been answered nor returned. However it is our opinion that the shares are without value.

McAlester Coal & Coke Co.		1
McAlester Coal & Coke Co.	Del. 1933.	

McAlester Coal Fields Company. This company was located at McAlester, Oklahoma and is now dormant. We have been informed that no disposition or sale has been made of the coal lands and properties under the mortgage to secure the bonds. The control of the properties changed hands in 1925 but they have not been operated for more than 10 years. We were informed that the bonds have very little value, and see no work out at present, except to foreclose the mortgage. The reason this has not already been done is that under the present conditions of the coal business it is doubtful if there would be a bidder for the properties. Under the conditions we believe the bonds are not worth more than one-half percent. at this time.

McCaskill Mining Company. Originally incorporated in Minnesota under the name of Boston Iron Company on March 1, 1892, and changed its name to the first metioned on June 15, 1892. This company was incorporated for perpetual succession and we are unable to find any trace of it for many years and believe it out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

McCormack, H. S., and Associates, Inc.	This corporation was located at Glendale, Calif. The First National Bank of Glendale informed us that this company failed in 1931. Mr. McCormack committed suicide and there was not sufficient assets to pay its obligations and therefore, the shares had no equity whatsoever. Therefore we submit the stock as worthless and deductible as a loss for the year 1931.

McCoy Manufacturing Company, Inc.	Incorporated in New York to engage in the boiler liquid business and had an office at 1823 Broadway, N. Y. C. in 1930. President, Richard F. McCoy; Vice-President, Ben A. Neibart; Treasurer, Edward C. Lambert. This company was not listed in our Co-Partnership Directory for December 1931. Apparently the Company went out of business during that year. We found no evidence that the shares had any value at any time during 1931. Therefore we believe the shares are deductible as a loss in 1931.

McDowell Motors, Inc.	This company's stock was sold by the Mystic Motor Company, whose address, according to our records, was last reported at 530-81st St., Brooklyn. Mr. Richard McDowell, Mr. Harry Hoxie and Mr. Harry Matthews were reported to be its officers. Mr. H. Matthews of Coney Island advised us over the telephone that he knew nothing about the stock of the McDowell Motors Company and that as far as he knew the company had moved to Chicago. Mr. Matthew's address is 3001 W. 29th St., C. I., Brooklyn, if you care to take the matter up with him further.

McKee Creek Hydraulic Company, Ltd.	We understand this company was taken over by the Atlin Mining Company, Ltd. of London, England, in 1904. The new company was under reorganization for many years and as far as we can ascertain never paid a dividend. There was a large mortgage on the property and from what information is obtainable, we do not believe any work was done at the mine. At present we find no trace of either company and believe they both went out of existence. There is no market for either stock.

McKindly-Hobart Gold Mining Company. Incorporated in Colorado 1897 and its charter expired by limitation in 1917, since which time we have been unable to find any trace of the company or its officers. We believe the company went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

McKinley Gold Placers, Inc. This company is no longer in existence, having become inoperative and void March 17, 1926, and proclaimed by the Governor January, 1927. The last known address was P. O. Box 72, Trinity Station, New York City. The reason for the company's failure according to a report by the Mines Information Bureau, is as follows: "The property is in a remote district and the cost of securing supplies is high, with an operating season of only about 120 days per year." The property of the company was sold by the United States Marshal in April, 1926, to satisfy labor claims of $10,600. The ground was purchased by the holders of the labor liens. In view of the above we submit the Preferred and Common Stock and the Note for $250 as worthless.

McLaughlin Knitting Company.	Incorporated—New York. The Harmony Mills of Cohoes, New York, informed us that the McLaughlin Knitting Company was started by James McLaughlin, M. T. O'Brien and Thomas Kilduff, and had a factory on a spot now occupied by one of the banks at Cohoes, New York, which is approximately twenty years old. The firm probably has been out of business for twenty-five years although Mr. McLaughlin carried on a cotton and waste brokerage for a number years subsequent to the knitting company going out of business. It is our opinion that the company was short lived and failed. We submit the shares as worthless.

Meadow Club of Southampton.	An officer of the company and an official of The First National Bank, Southampton, N. Y., informs us that there is a market for these bonds at $25 each and that a number of sales which have been consummated for a number of years past, have brought 25% of their value. This price has been submitted as fair in several proceedings so that we submit $25 for each $100 Income Bond due 1946 (1926).
